

OCV HAS A WEALTH OF EXPERIENCE **HELPING SCHOOLS**
BUILD, MODERNIZE + EXPAND THEIR FACILITIES,
PROVIDING STUDENTS WITH THE RIGHT ENVIRONMENT FOR GROWTH

2011

AARON ACADEMY
NEW YORK, NY

conversion and programmatic expansion of this private, special education school in midtown Manhattan serving middle and high school grades; the expansion includes a new auditorium, gymnasium, dance studio and library

REBECCA SCHOOL
NEW YORK, NY

expansion of this developmental school for students with special needs, aged 4-21; the additional 6,500 square feet of floor area in a midtown Manhattan office building includes new music rooms, an art room and library, along with therapy counseling offices; construction documents completed

2010

PRESTON HIGH SCHOOL
BRONX, NY

modernization and enlargement of an all girls catholic high school including new science laboratories, elevators, new circulation patterns and mechanical systems upgrades

BRONX COMMUNITY CHARTER
SCHOOL
BRONX, NY

planning studies for the relocation of this charter school to expand to K-8 program in 25,000 square feet of space; fit-out schematics were prepared for four perspective locations

2009

YESHIVA DERECH CHAIM
BROOKLYN, NY

installation of a new commercial kosher kitchen and dining hall; addition of a 6,000 square foot student dormitory, masonry restoration, roof and window replacement

MANHATTAN CENTER FOR EARLY
LEARNING
NEW YORK, NY

planning studies for the relocation of a 20,000 square foot school for children with special needs

NEW YORK CENTER FOR CHILD
DEVELOPMENT
NEW YORK, NY

installation of a new 6,000 square foot day care facility for special needs children in Upper Manhattan

2008

MANHATTAN COUNTRY SCHOOL
NEW YORK, NY

master planning study for future growth of this landmark facility

2006

AARON SCHOOL
NEW YORK, NY

midtown Manhattan's premier preschool for children with special needs; spaces are designed for many levels of interaction, from one-on-one to large groups, and use natural light at every opportunity; special non-toxic finishes, low glare fixtures and soothing colors lend to a peaceful environment

2005

CLAREMONT PREPARATORY
SCHOOL
NEW YORK, NY

restoration and conversion of a former bank headquarters into a 120,000 square foot private school for 1,000 K-8 students; project features a new rooftop gymnasium and outdoor play area, a new cafeteria with kitchen and serving areas within the former bank vaults; restored grand banking hall outfitted with an auditorium; interior offices reconfigured to provide new offices, classrooms, laboratories and an Olympic-size swimming pool; builder received the 2006 NY State Historic Preservation Award from NYSHPO

rehabilitations, renovations + new construction

SCHOOLS

2005-2011

2003

CLAREMONT CHILDREN'S
SCHOOL
NEW YORK, NY

private preschool located in a landmark building on the Upper West Side of Manhattan; built on a new multi-level structure in the vaulted banking hall of this Beaux Arts building

2002

JOHN F. KENNEDY HIGH
SCHOOL
BRONX, NY

installation of a new prototype "Library for the 21st Century" merging elements of a traditional, book-oriented library with new electronic data and wireless technologies; emphasis on flexible spaces to accommodate independent, small groups as well as formal class instruction; incorporates concepts developed by a task force of public and private educators, librarians, and administrators to provide a comprehensive information center; involvement of the surrounding community reinforces the school's role as a neighborhood center

ACORN HIGH SCHOOL FOR
SOCIAL JUSTICE
BROOKLYN, NY

New York City Board of Education-sponsored 90,000 square foot construction of a new high school including gymnasium, auditorium, science labs, cafeteria and landscaped outdoor playground; interior of an 80 year old former vaudeville theater was removed and a new steel and concrete structure inserted within the original masonry walls; ornate stone and terra cotta exterior restored as a focal point of the community

2001

EBC HIGH SCHOOL FOR
COMMUNITY SERVICE
BROOKLYN, NY

construction of a new High School for 800 students within the shell of a former vaudeville theater for the New York City Board of Education; programs include classrooms, science and art labs, a gymnasium, auditorium, darkroom, guidance suite, and administrative offices

DISTRICT 20 OFFICES + EARLY
LEARNING CENTER
BROOKLYN, NY

50,000 square foot, \$8 million conversion of an existing AT&T telephone equipment building into offices for the district administration and an early learning center for the School Construction Authority (SCA) and the Board of Education

1997

GRAND AVENUE HIGH SCHOOL
(ACORN)
BROOKLYN, NY

conversion of a former 80,000 square foot factory into a high school for 800 students

1992

SETH LOW COMMUNITY CENTER
BROOKLYN, NY

renovation of a 9,800 square foot community facility for the New York City Housing Authority, including new roofing and windows, facade restoration, new HVAC, plumbing and electrical systems, and new fixtures and finishes for gymnasium, arts and crafts room, lunchroom, and administration areas

1990

SOS SCHOOL
BROOKLYN, NY

feasibility study for a high school sponsored by Phoenix House under the New York School Construction Authority Leased Space Program

FOR THE ROMAN CATHOLIC ARCHDIOCESE OF NY
